Trainee | Full Stack Developer by NSE TalentSprint

I led the development of a feature- Pet Paradise Web Application, showcasing prowess in full stack, UI/UX, and database management. From scratch, I integrated frontend and backend, excelling in registration, secure login, and navigation optimization. Leveraging Angular, Spring Boot, and REST APIs ensured a seamless user experience. MySQL guaranteed data reliability. In agile development, I ensured high-quality implementation. Proficient in Java and JavaScript, my debugging and optimization skills enhanced the app's quality.
